Open Personal Account

To open an account, you must submit one valid ID:

- Passport (photo page only)
- Driver's license (both sides)
- My Number Card (photo page only)
- Residence Card (both sides)

Step 1: Open Personal Account

- Click Open an Account at the top-right of the EBC website, or open the referral link in your browser.
- Enter phone number (keep +81 for Japan, no hyphens) and email, then click Send Verification Code.
- Enter the verification code received by email, then set your login password for the EBC Client Portal.
- Check your information and click Submit.

Step 2: Identity Verification (KYC)

Log in to My Page (<https://client.ebc.com/signin>), upload ID documents and fill in personal information.

- Select your nationality and ID type.
Accepted documents: driver's license, My Number Card, passport, or residence card (for foreign residents in Japan only).

Click Next to proceed.

- Upload your selected document:

- Passport/My Number Card: photo page only
- Driver's license/Residence Card: both sides

Images must be clear, high-resolution, and full-frame (no cut corners). Blurry, low-quality, or cropped images will be rejected and require re-upload.

• Click Next after uploading, then fill in your personal details:

- Full name in Japanese kanji
- Last name / given name in half-width romaji
- Select gender and birth date
- Enter the document number

【ID Number Guide】

- My Number Card: The 16-digit and 4-digit numbers below the photo (not the 12-digit number on the back).
- Driver's License: License number.
- Passport: Passport number.
- Residence Card: Alphanumeric number above the photo.

Confirm all details including expiration date are entered correctly, then click Next.

* 氏名

* 姓 (ローマ字) * 名 (ローマ字)

* 性別 * 生年月日

* 身分証番号 * 身分証明書有効期限

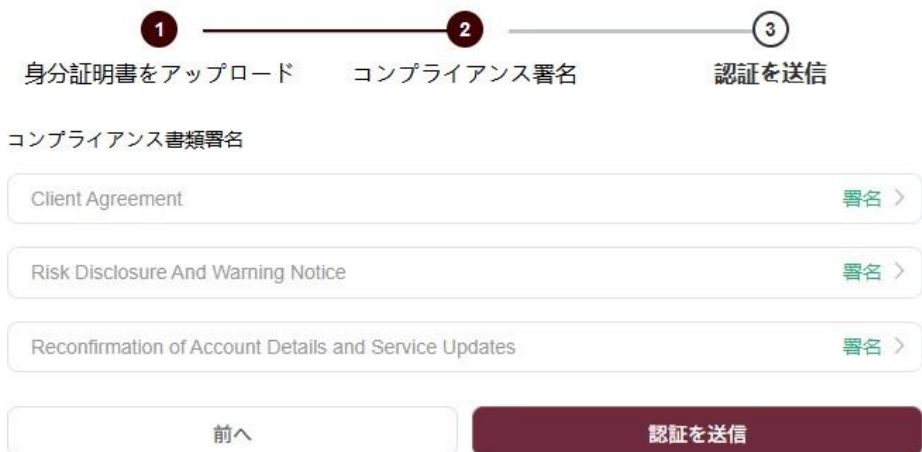

* 国・地域

* ご住所

次へ

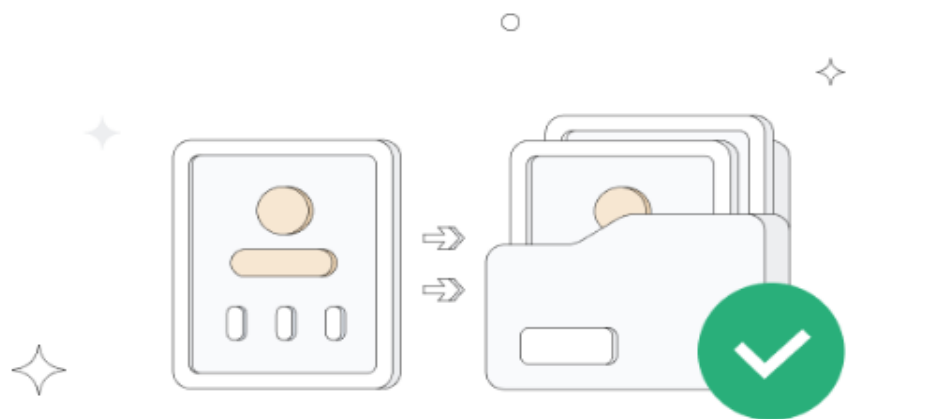

- Sign each compliance document, then click Submit Verification.

認証プロセスを完了すると、この機能が使用できます

- Once the next page appears, your personal account opening is completed.

ライブ口座の作成

Internal review usually takes a few minutes to one hour to complete.

※ During peak registration periods, review may take longer than usual.

How to Sign Compliance Documents

At EBC Financial Group, in compliance with international financial regulations and relevant laws, we require clients to sign designated documents. This is a mandatory procedure for identity verification (KYC) and ensuring trading transparency.

Below is the signature guide.

How to Use the Electronic Signature System

You need to sign each required field in the compliance documents one by one. Click the sections marked Unsigned in red, then review the document content.

Open the document and click View Full Text & Sign at the top right.

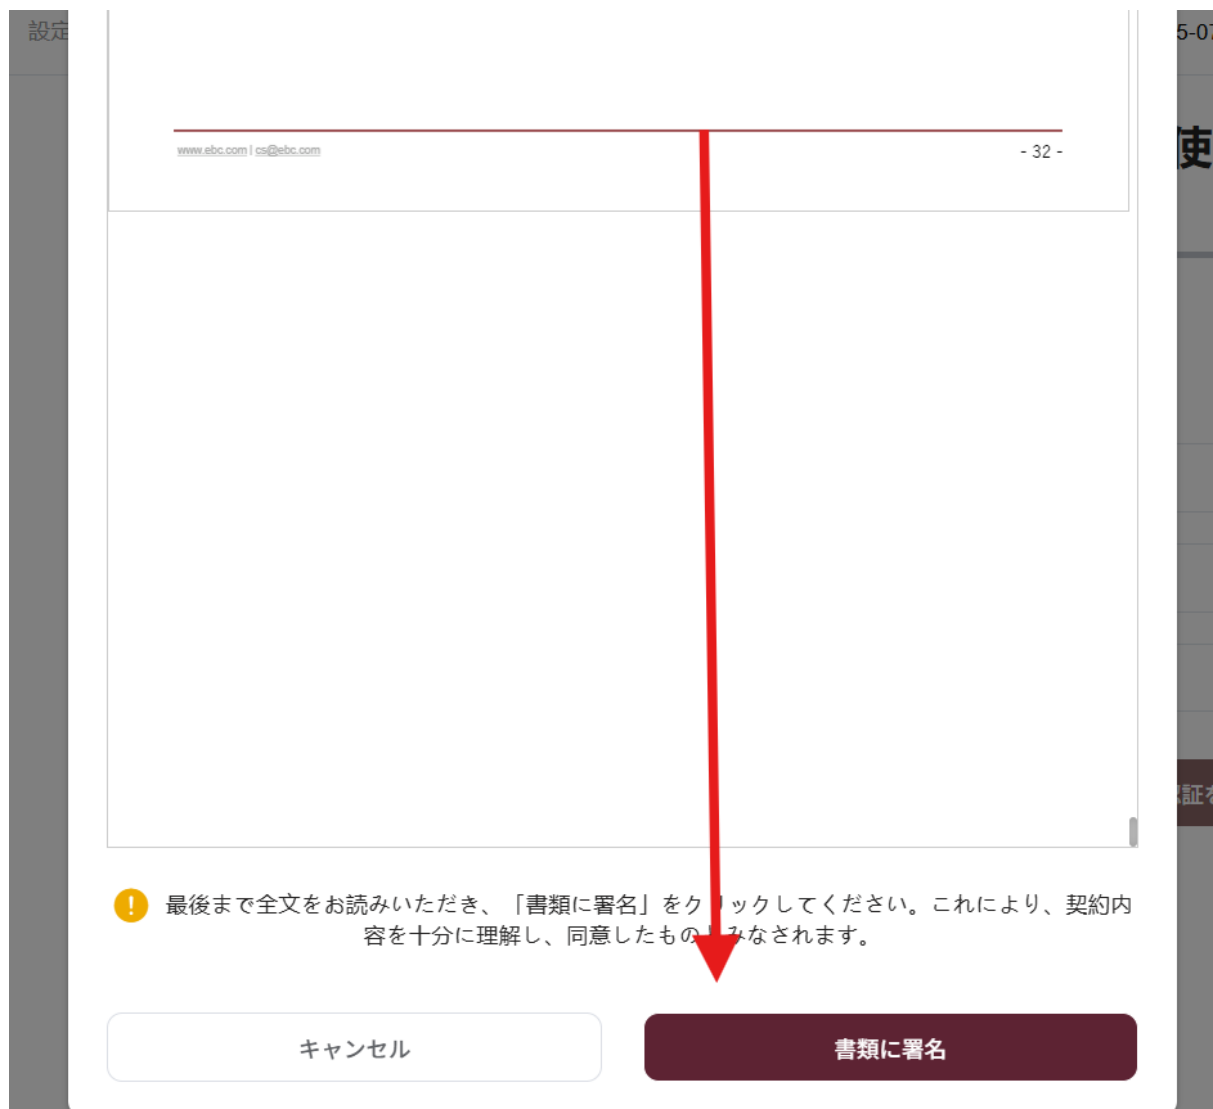

A new tab will open for you to review the full compliance document.

※ Signature is unavailable without viewing the full text. Please open the full text in a new tab and scroll all the way to the bottom of the page.

After reviewing the compliance document, close the full-text tab and return to the signature page. Click Sign Document at the bottom of the screen.

※ Compliance documents are provided in English only. Please read the full content carefully. You may sign with one click if you agree.

This completes the signing of compliance documents.

Open MT4/MT5 Live Account

After logging in to your account via the EBC homepage, click Live Account > Create Live Account on the homepage.

The Create Live Account page will appear. Select your trading platform, account type and leverage.

Password must be 8–16 characters, containing lowercase letters, uppercase letters, numbers and special symbols (!.@\$^()_).

The master password is for trading login. The read-only password only allows viewing without trading, and cannot be the same as the master password.

※ Click the eye icon in each input box to show your entered password.。

※ Please keep your password safely for your own record. We cannot retrieve forgotten passwords; you will need to reset it yourself.

※ 注意: マスターパスワードと読み取り専用パスワードは同じにすることはできません。

キャンセル 今すぐ作成

Check all entered information. If correct, click Create Now at the bottom right to submit your account application.

Return to the client portal, and you will see your new account application listed (marked in the red box below).

At this stage, the application is only submitted but not yet approved, so account number and other details are not displayed.

Within 1 to 2 minutes after application, you will receive a completion email containing the trading platform, server name and your account number.

Refresh your member page, and the newly opened account information will be displayed.

After making a deposit, your trading status will switch from Read-Only to Active, allowing you to start trading. You can also check your account number, account type, server name and other details.

Login to MT4 (PC)

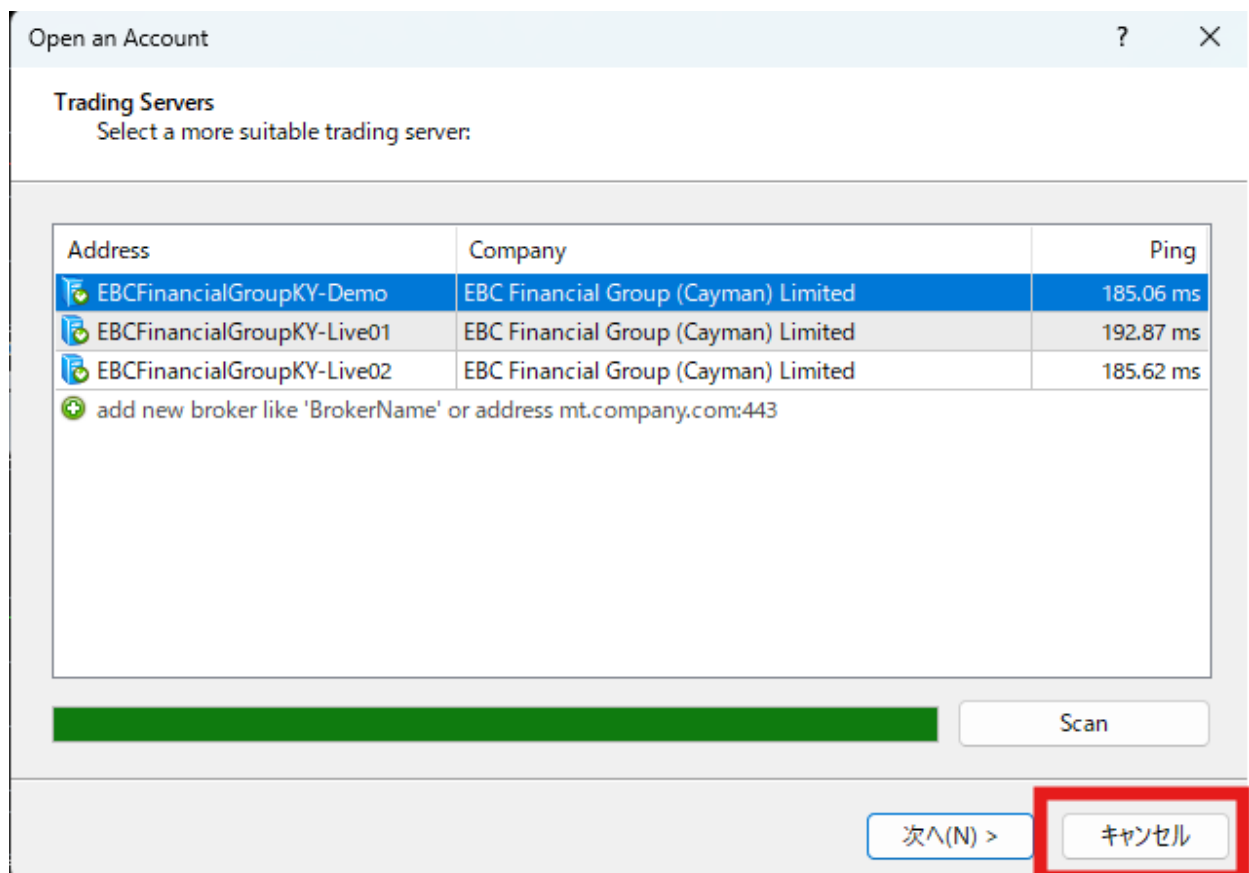

1. Download and launch MT4.

Download here:

<https://www.ebc.com/jp/MT4/>

2. Once installation is complete, MetaTrader4 will launch automatically and display the demo account application page.

Demo accounts cannot be created here, please click the Cancel button.

3. After clicking Cancel, a login popup will appear.

Enter your EBC MT4 account login ID and password, then select the server.

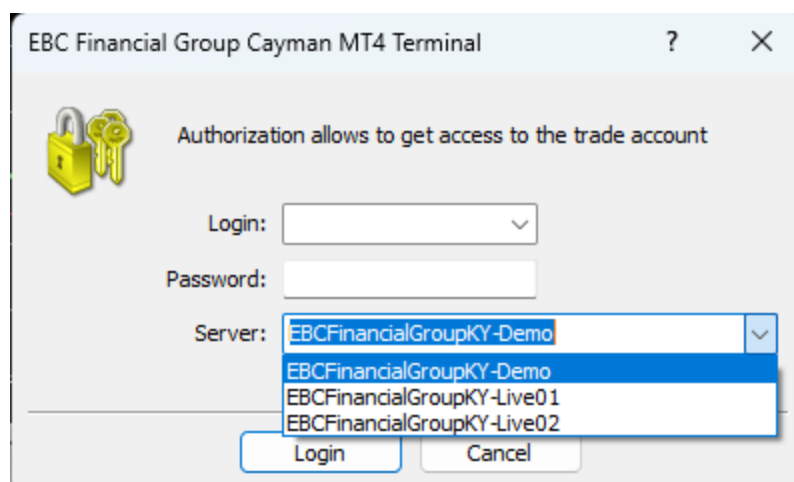

Check MT4 Server Name

To confirm your trading account server:
Member Page > Homepage > Live/Demo Accounts,
view your trading account details.

The screenshot displays the EBC MT4 trading platform interface. At the top, there is a navigation menu with options like 'ホームページ', '資金管理', '取引注文', 'トレードツール', '設定', 'お客様サポート', 'コピートレード', '取引大会紹介キャンペーン', and '取引大会'. The main content area features a banner for the '第2回EBC100万ドル取引大会' (2nd EBC 100,000 USD Trading Competition) with a '上位の取引を無料でコピー バルセロナでの授賞式' (Copy top trading for free, award ceremony in Barcelona) promotion. Below the banner, there are four main action buttons: 1. '本人確認' (Personal Verification), 2. 'ライブ口座の作成' (Create Live Account), 3. '入金' (Deposit), and 4. '取引' (Trade). The 'ライブ口座の作成' button is highlighted with a red arrow. Below these buttons, there is a table of trading accounts. The table has columns for '取引口座' (Trading Account), '作成時間' (Creation Time), '取引状況' (Trading Status), 'レバレッジ' (Leverage), '積高' (Balance), and '設定' (Settings). The first row shows an account named 'STD Account : MT4 / EBCFinancialGroupKYLive02' with a creation time of '2024-12-03 05:57:00', a leverage of '500', and a balance of '0.00'. A red arrow points to the account name in the '取引口座' column.

取引口座	作成時間	取引状況	レバレッジ	積高	設定
STD Account : MT4 / EBCFinancialGroupKYLive02	2024-12-03 05:57:00	※ 読み取り専用	500	0.00	入金 設定

Click the login button to sign in to MT4.

※ The login ID and password for EBC Member Page are different from those for your trading account.

Login to MT5 (PC)

1. Download and launch MT5 here:

<https://www.ebc.com/jp/MT5/>

2. Open MT5, click File > Open an Account.

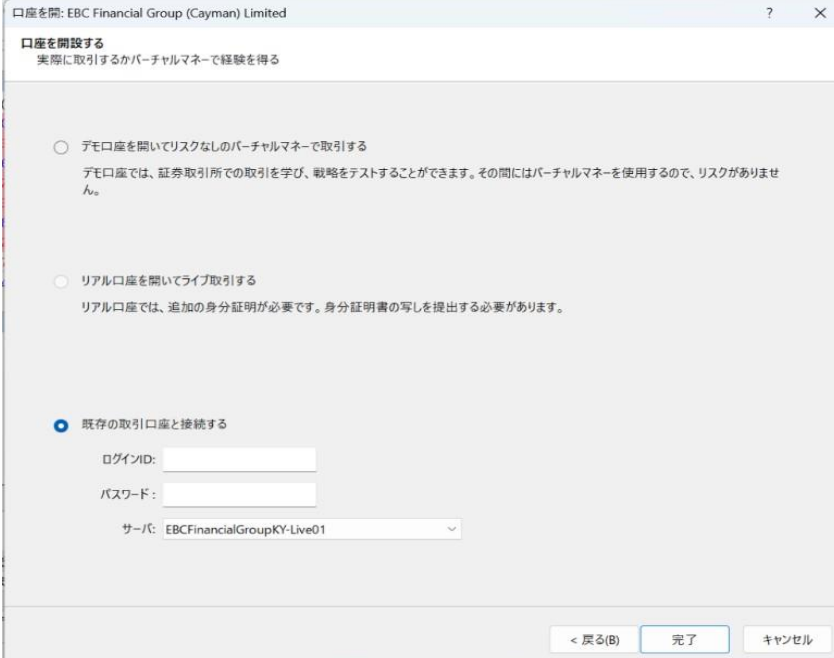

3. Search for EBC, select EBC Financial Group(Cayman) Limited, then click Next.

4. Select Connect to an existing trading account, enter your account number and master password to log in, then click Finish.

Login to MT4/MT5 (Android)

1. App Installation

Install MetaTrader 4 or MetaTrader 5 from the official EBC website or app store.

MT4 Download Page:

<https://www.ebc.com/jp/MT4/>

MT5 Download Page:

<https://www.ebc.com/jp/MT5/>

The advertisement features two smartphones displaying trading charts. Below the phones, the text reads 'MT4モバイル版' (MT4 Mobile Version). Underneath, a Japanese sentence states: 'いつでもどこでも取引可能！市場動向の把握、口座管理をより簡単に。' (Trading possible anytime, anywhere! Easier to grasp market trends and manage accounts). At the bottom, there are three dark red buttons with white icons and text: 'アンドロイド版' (Android Version) with an Android icon, 'iOS版' (iOS Version) with an Apple icon, and 'HUAWEI版' (Huawei Version) with a Huawei icon. Each button has a white download icon on the right side.

2. Launch the App

On first launch, "Open Demo Account" will appear. Ignore it and tap Cancel at the top right.

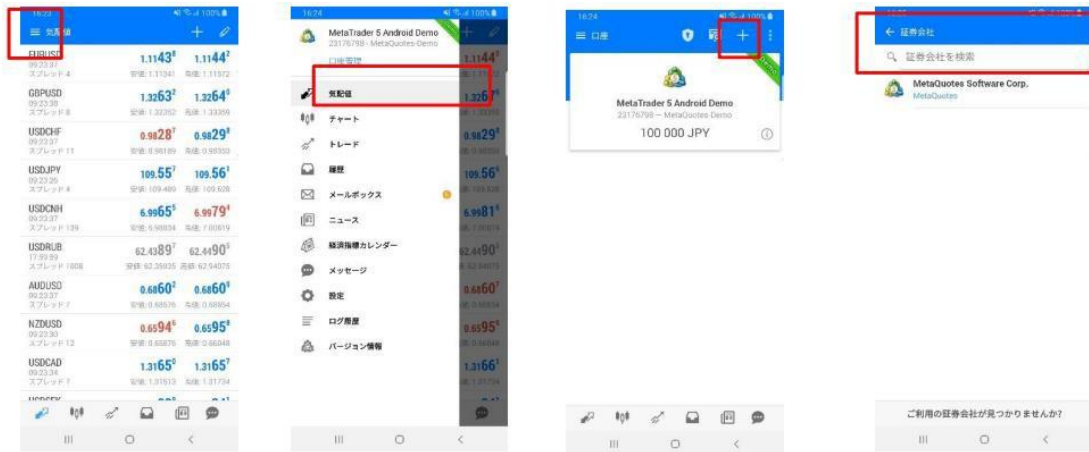

※ Tapping Open Demo Account will redirect you to create a demo account provided by MetaQuotes,

not the FX broker.

To log in to live or demo accounts:
Tap the three-line menu at the top left and select Account Management.

Next, tap the + button to enter the new account page, then go to the broker search screen.

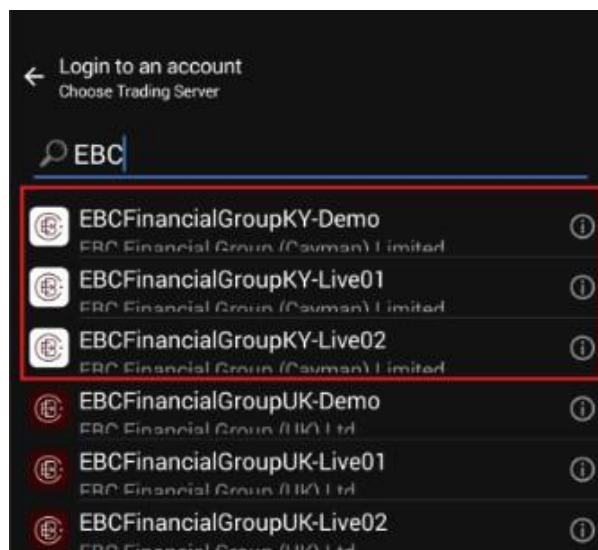

3. Server Search

Enter EBC Financial Group(Cayman) in the search box and select your server.

※ Check your server via Member Page > Homepage > Your Live/Demo trading account after login.

※ There are two server types suffixed KY and UK. Please select the KY one.

4. Enter Login Details

- Login ID (EBC trading account number)
- If you forget your password, follow the reset instructions at the end of this guide.

After entering the above details, tap Sign In to log in.

5. Login Complete

Your login is successful if balance information is displayed on the Trade tab.

Login to MT4/MT5 (iOS)

1. Install the App

Install MetaTrader 4 or MetaTrader 5 from the official EBC website.

MT4 Download Page:

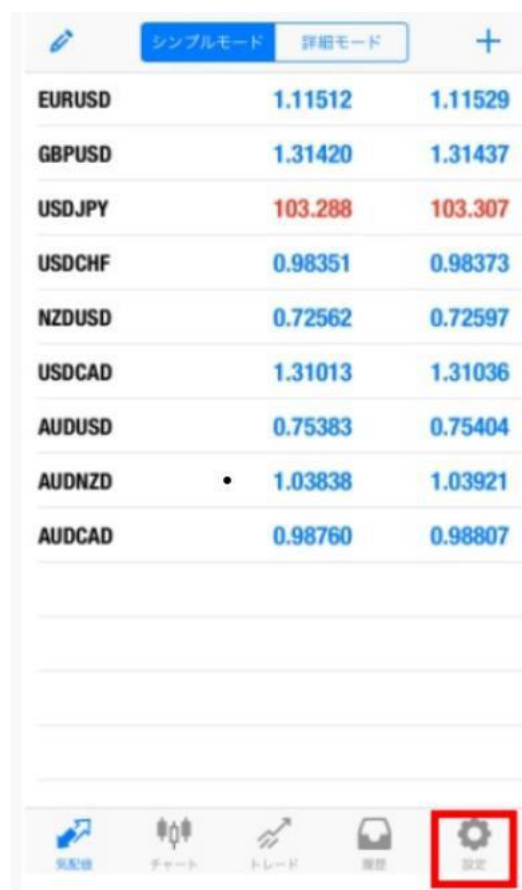

<https://www.ebc.com/jp/MT4/>

MT5 Download Page:

<https://www.ebc.com/jp/MT5/>

2. Launch the App

Open the app, then go to Settings > New Account > Log in to Existing Account.

	シンプルモード	詳細モード	+
EURUSD	1.11512	1.11529	
GBPUSD	1.31420	1.31437	
USDJPY	103.288	103.307	
USDCHF	0.98351	0.98373	
NZDUSD	0.72562	0.72597	
USDCAD	1.31013	1.31036	
AUDUSD	0.75383	0.75404	
AUDNZD	• 1.03838	1.03921	
AUDCAD	0.98760	0.98807	

Bottom navigation bar icons: 売買 (Buy/Sell), チャート (Chart), トレード (Trade), 履歴 (History), 設定 (Settings - highlighted with a red box)

Please select a new account.

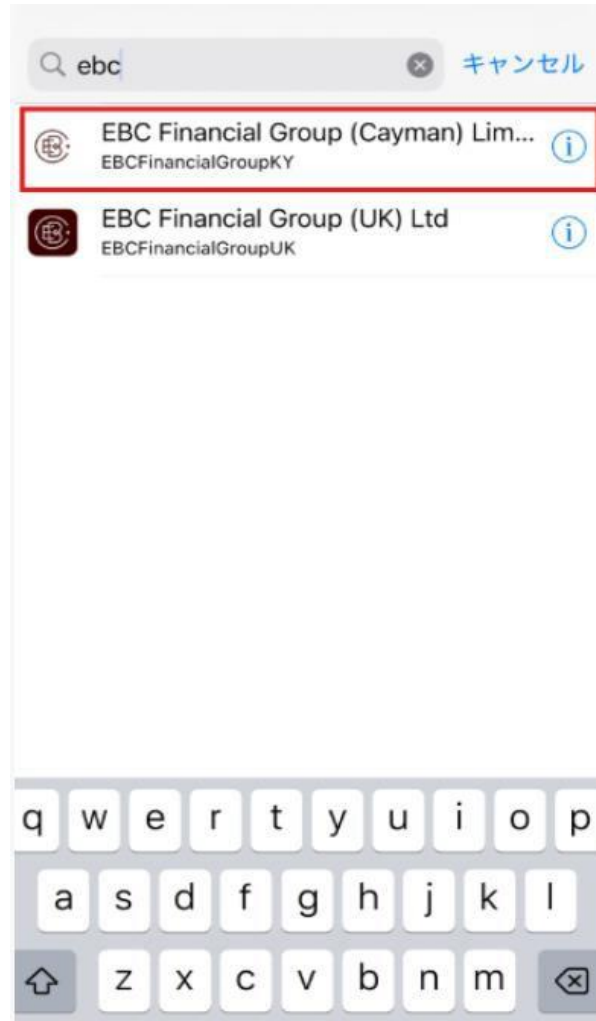

Please select Log in to an existing account.

3. Server Search

Enter EBC Financial Group (Cayman) in the search field and select your server.

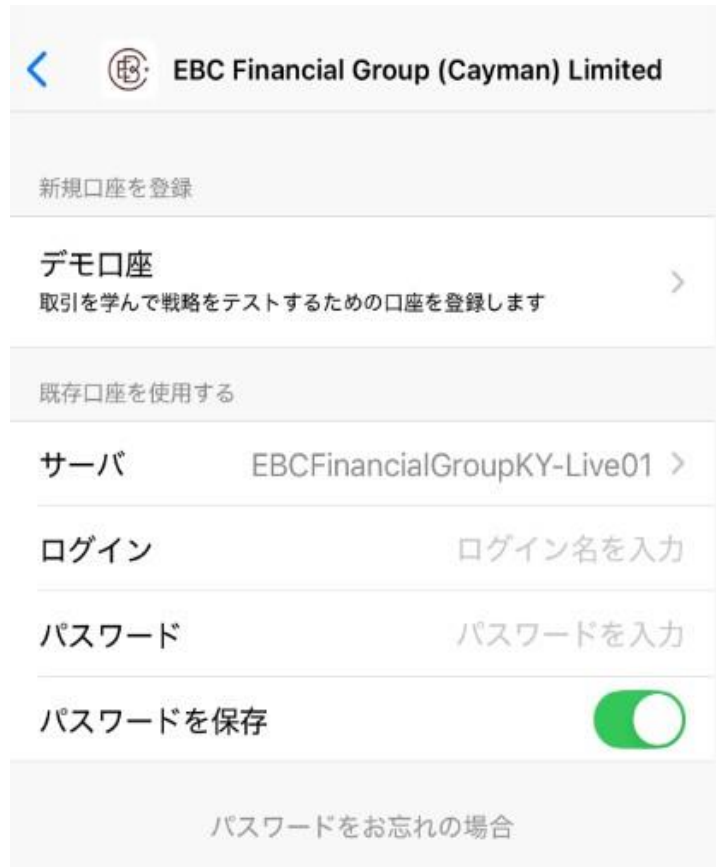

※ You can check your server in Member Page > Homepage > Your Live/Demo trading account after logging in.

4. Enter Login Information

- Login ID (EBC trading account number)
- Password (Master password created upon account opening)
 - ※ If you have forgotten your password, reset it by following the steps at the end of this document.

After filling in the above information, tap Sign In to log in.

The screenshot shows the login interface for EBC Financial Group (Cayman) Limited. At the top, there is a back arrow and the company logo and name. Below this, there are two main sections: '新規口座を登録' (Register new account) and '既存口座を使用する' (Use existing account). Under '新規口座を登録', there is a 'デモ口座' (Demo account) option with a right arrow and a description: '取引を学んで戦略をテストするための口座を登録します' (Register an account to learn trading and test strategies). Under '既存口座を使用する', there is a 'サーバ' (Server) field with the value 'EBCFinancialGroupKY-Live01' and a right arrow. Below that are 'ログイン' (Login) and 'パスワード' (Password) fields, both with placeholder text 'ログイン名を入力' (Enter login name) and 'パスワードを入力' (Enter password) respectively. At the bottom of this section is a 'パスワードを保存' (Save password) toggle switch, which is currently turned on. At the very bottom of the screen, there is a link: 'パスワードをお忘れの場合' (If you forgot your password).

5. Login Completed

After logging in, your balance details will be displayed on the Trade tab.

Deposit via Peska (E-wallet)

A valid Peska account is required for deposits via Peska. For automatic deposit crediting, the email address registered to your Peska account must match the email address on file with us. Please fund your Peska wallet in advance before depositing into your EBC trading account.

The minimum deposit to EBC is \$50, and the maximum deposit is \$10,000.

1. If you do not have a Peska account, you need to register first. You can complete account opening in about 3 minutes via the official website.

Register here: <https://peska.co/>

Note 1 : To ensure smooth deposit processing, your Peska and EBC email addresses must match. If not, update it in EBC: My Page > Settings > Security Settings > Email.

Note 2 : After registering Peska, fund your Peska wallet first.

FAQ: <https://peska.co/faq/>

2. If you already have a Peska account, log in to your EBC Member Page, then select Fund Management > Deposit > E-Wallet.

3. Fill in the required information. Select JPY as the currency and enter the deposit amount in USD.

(Payment is made in JPY via Peska, and funds will be credited to your trading account in USD.)

資金管理 > 入金 > Eウォレット

入金する

4. After clicking Deposit, a pop-up will open and redirect you to the Peska page. If no pop-up appears, disable pop-up blockers following the steps in the next section, then retry the deposit.

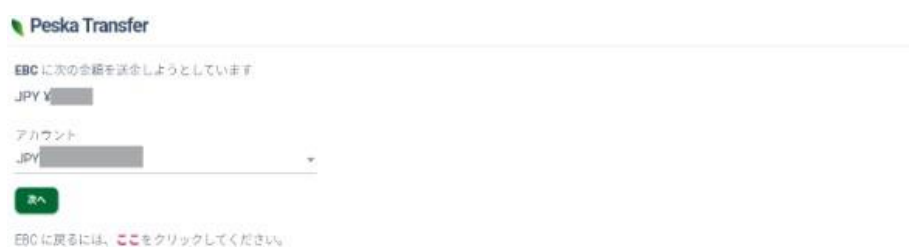

If the pop-up opens but the deposit still fails, it may be due to incomplete address verification on your Peska account.

Proceed to log in to Peska directly.

Then follow the on-screen prompts to complete your deposit.

The amount will be automatically converted to Japanese Yen on Peska.

5. Click Next to proceed to the final confirmation page. Once confirmed, the transfer completion screen will appear, showing the recipient as EBC along with the transfer amount in JPY. Receive the 6-digit verification code via email or SMS, enter it, then click Transfer Now to finish.

Notes

1. If the funds are not credited to your trading account within 15 minutes after transferring from Peska to EBC, please send the following three pieces of information to cs.jp@ebc.com
 1. Order number starting with DP (check via EBC My Page > Fund Management > Fund Details)
 2. Registered email address
 3. Transfer statement (check via Peska My Page > Transaction History)
2. The exchange rate for deposits is stated on the Exchange Rate section of Peska's homepage after login. Please refer to the Buy rate shown there.

通貨	買い	売り
USD	1	1
JPY	143.643	142.357
EUR	0.85172	0.85769
GBP	0.72557	0.73433

3. If your address verification is not approved on your Peska dashboard, your deposit may fail. Please check Peska My Page > My Account > Address Verification to confirm the status shows Approved.

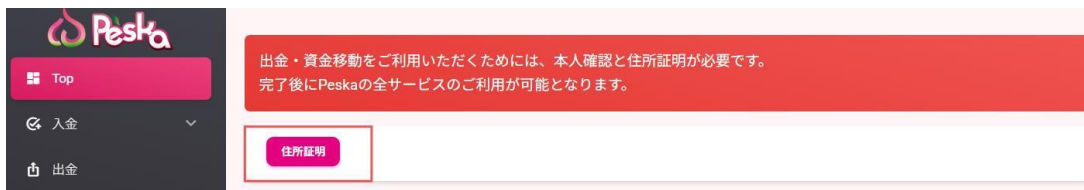

4. Many deposit delays occur due to incorrect entry in the sender name field when transferring from your bank account to Peska.

To enable automatic crediting, please enter your Peska account number and registered full name in Roman letters in the sender name field.

5. Identity verification and address proof are required to use withdrawals and fund transfers. Once completed, all Peska services will be available.

6. If your Peska account balance is insufficient, the Transfer Now button will remain unclickable even after entering the verification code. Please always check that you have enough funds before making a deposit.

Deposit via USDT (Crypto)

EBC accepts crypto deposits via USDT (ERC20/TRC20) and USDC (ERC-20).

Note: We do not charge any deposit or withdrawal fees. Any additional fees charged by financial institutions or service providers shall be borne by the customer.。

1. Log in to your member page, then click Fund Management > Deposit from the left menu.
2. Select cryptocurrency, fill in the required information, and click Deposit.

資金管理 > 入金 > 暗号通貨

入金する

Select TET or TEX to proceed to the following screen (example shown for TRC20).

Choose the deposit account, enter the amount in USDT, then click Payment Confirmation.。

You will then see the payment confirmation page as shown below. Scan the QR code and follow the prompts to complete the payment.

※ If the payment screen fails to appear and the page does not redirect, this may be caused by browser pop-up blocking. Please disable pop-up restrictions following the steps below, then retry the transfer process.

Remittance Information

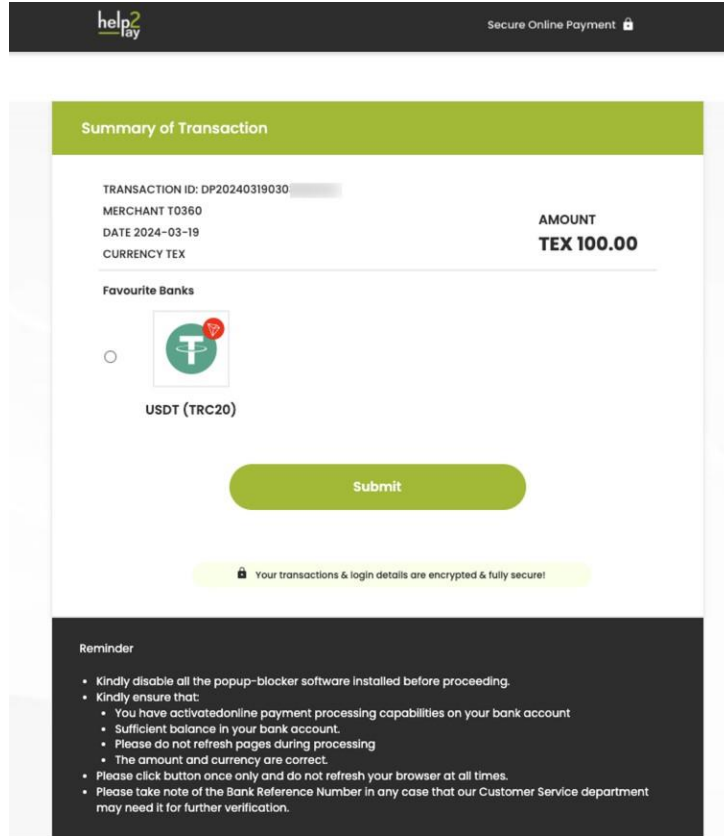

Payment Currency USDT-ERC20
Cryptocurrency Wallet Address <div style="background-color: black; color: black;">[REDACTED]</div>

[Sure](#)

The screenshot shows the EBC Financial Group mobile app interface. On the left is a navigation menu with options like '入金' (Deposit), '出金' (Withdrawal), and '暗号通貨' (Cryptocurrency). The main screen displays a confirmation message: '申請が提出されました' (Application submitted) with a green checkmark icon. Below the message, it says '現在、申請を処理しています。しばらくしてからもう一度ご確認ください。' (We are currently processing your application. Please check back after a short while). At the bottom, there are two buttons: '次へ' (Next) and 'チェック進捗状況' (Check progress).

The original tab will update to show the submission completed.

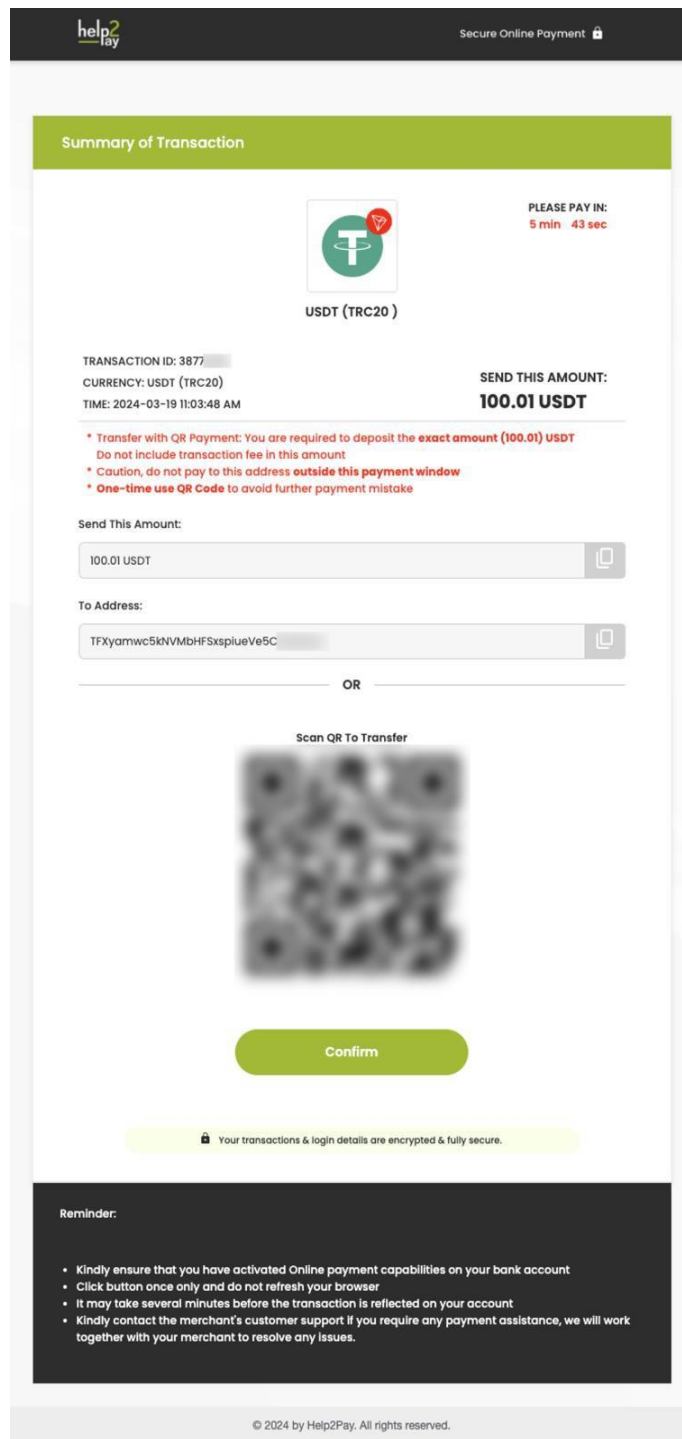

Finally confirm the deposit network is USDT(ERC20), USDT(ERC20) or USDC(ERC20). If correct, select the radio button and click Submit.

The next page will show the transfer amount and destination wallet address. Please send the displayed amount from your wallet to this address.

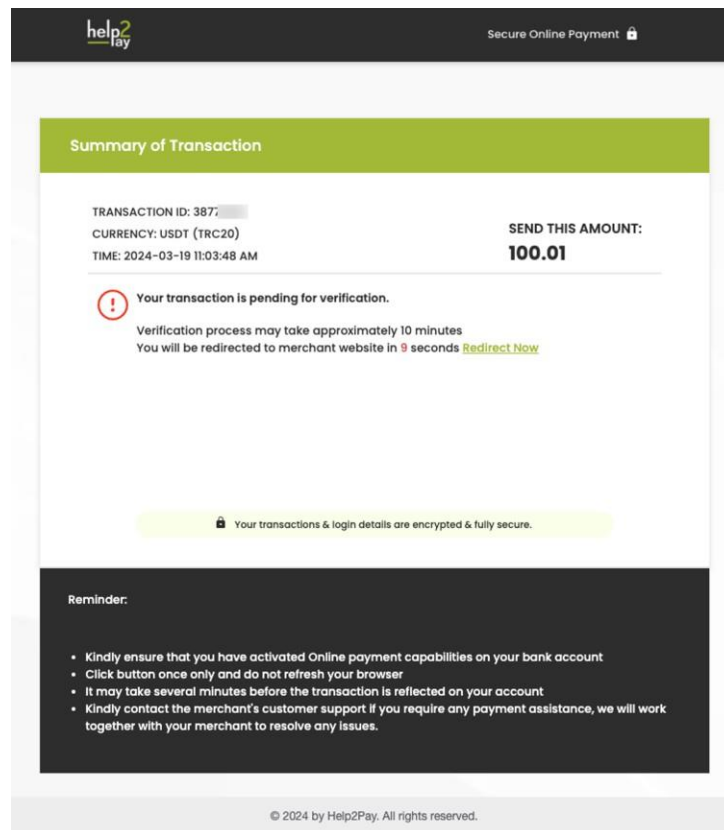

The exact amount to send is shown under SEND THIS AMOUNT.

(100.01 USD in the example below)

If using a smartphone, you may also scan the QR code to make the transfer.

Once the transfer is completed, click Confirm. The following screen will appear, and you will be redirected after 10 seconds.

This completes the deposit procedure.

Afterwards, you can check the latest deposit status on the Progress page above.

If the balance is not credited within 30 minutes after the deposit is processed, please send a deposit screenshot to cs.jp@ebc.com

Follow Trading Signals

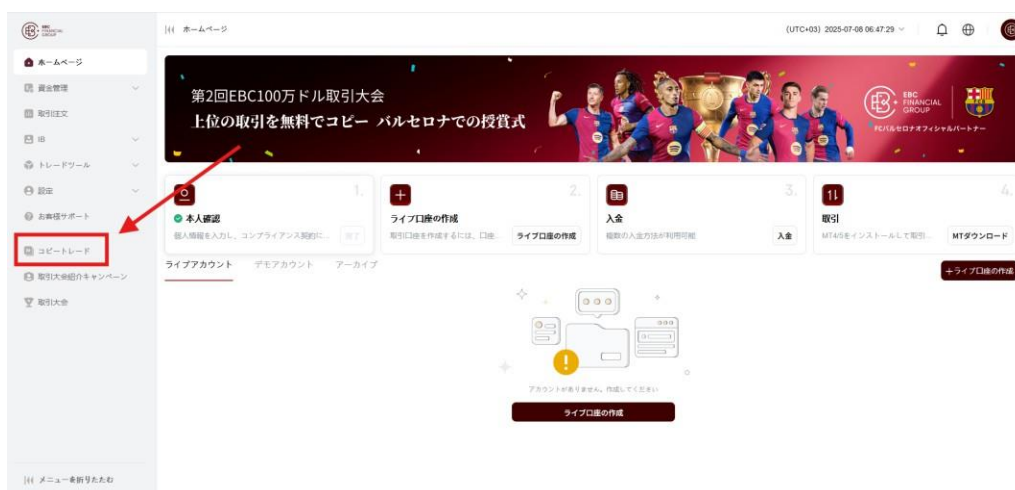

【Steps to Set Up Follow】

Step 1: Log in to My Page

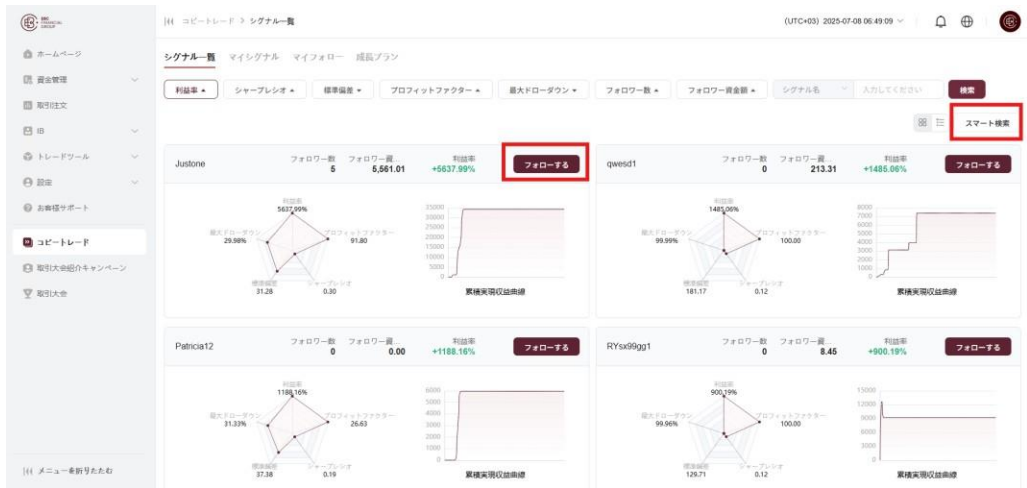

Access and log in to your EBC My Page.

Login URL: <https://client.ebccrm.com/signin>

After logging in, click Copy Trading from the left menu.

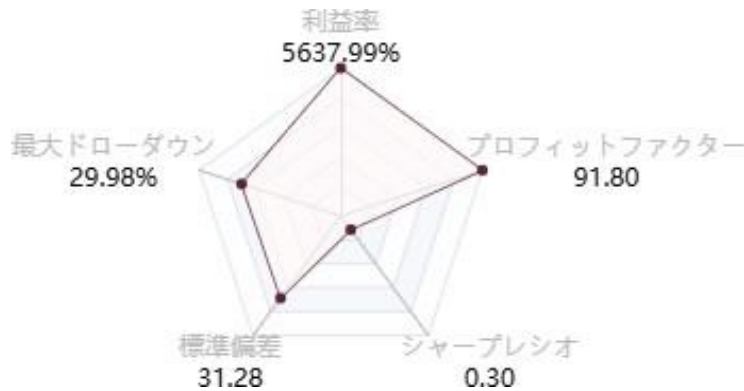

Step 2: Find Signals

On the Copy Trading page, all available signals are displayed in a list.

Click each signal name to view the following detailed information.

- Profit Rate
- Maximum Drawdown Rate
- Sharpe Ratio
- Standard Deviation (Volatility)
- Profit Factor (Profit/Loss Ratio)

In addition, the Smart Search function allows you to easily filter signals matching your risk tolerance.

Step 3: Select Trading Account

Once you have decided on the signal you wish to follow, select your own trading account for copy trading.

※ If you forget your master password, you can reset it by following the steps in the next chapter (How to Reset MT4/MT5 Trading Account Password).

マイアカウント

* フォロワー口座

選択してください

* マスターパスワード

入力してください

必須項目を入力してください

Step 4: Copy Strategy and Risk Management Settings

Configure the following options:

- Select Copy Mode
There are three copy modes: Proportional to Funds, Proportional to Trading Volume, and Fixed Lot Size. Please set according to your capital, trading volume and risk tolerance.
- Specify Copy Multiplier / Lot Size

• Set Risk Limit Enable/Disable

The screenshot shows the 'Signal Settings' page in the EBC trading platform. The interface includes a sidebar with navigation options and a main content area with four numbered sections:

- Signal Information:** Displays signal name (SeraphimGT), status (Active), server (MT5 - EBCFinancialGroupKY Live01), and signal ID (6502370).
- My Account:** Includes fields for 'Follow ID' and 'Master Password'.
- Strategy Settings:** Features a 'Copy Mode' dropdown set to 'Proportional to Signal Volume' and a 'Leverage/Size' input field set to '0-100% of the amount entered'.
- Risk Management:** Includes a 'Risk Capacity (USD)' input field set to '0-1,000,000 of the amount entered'.

Buttons for 'Cancel' and 'Save' are located at the bottom of the page.

The screenshot shows a detailed tooltip for the 'Copy Mode' dropdown menu, which is currently set to 'Proportional to Signal Volume'. The tooltip explains the calculation for follower volume based on the capital ratio, signal volume, and leverage.

資金に比例
 フォロワーの取引量 = 資金比率 * 倍数
 例: シグナルの残高が2000ドル、フォロワーの残高が1000ドル、倍率が3、シグナルの取引量が1ロットの場合
 シグナルが1ロットの取引を行うと、フォロワーの取引量は1.5ロットになります。計算式は: 1000ドル [フォロワーの残高] / 2000ドル [シグナルの残高] x 3 [倍数] x 1ロット [シグナルの取引量] = 1.5ロット

取引量に比例
 フォロワーの取引量 = シグナルの取引量 * 倍数
 例: 倍率が0.2で、シグナルが2ロットの取引を行う場合、フォロワーは0.4ロットを取引することになります (2ロット x 0.2 [倍数])。

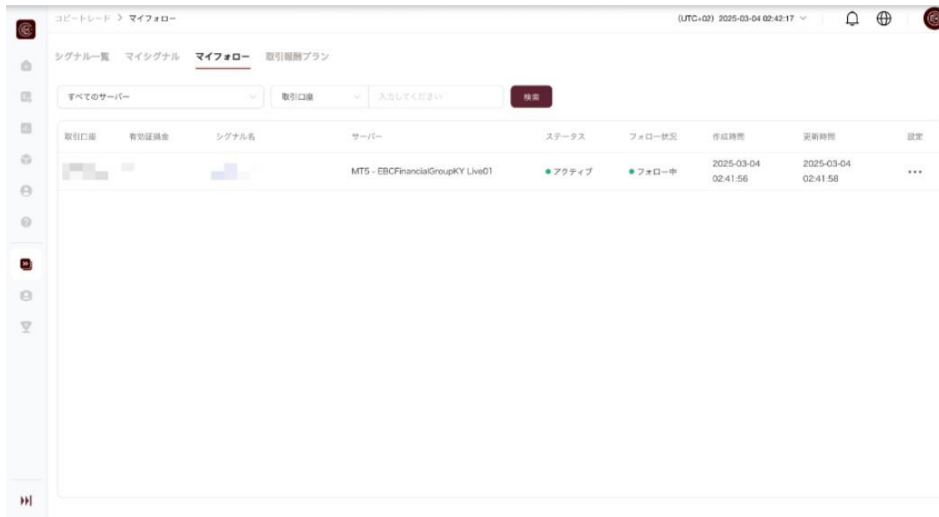

固定サイズ
 フォロワーの取引ロットサイズを固定します。
 例: フォロワーの取引サイズを0.5に設定すると、シグナルの取引サイズに関わらず、フォロワーは0.5ロット固定で取引をします。

Please carefully read the explanations of the above settings and configure them to suit your financial situation and trading style.

Step 5: Confirm and Save Follow Settings

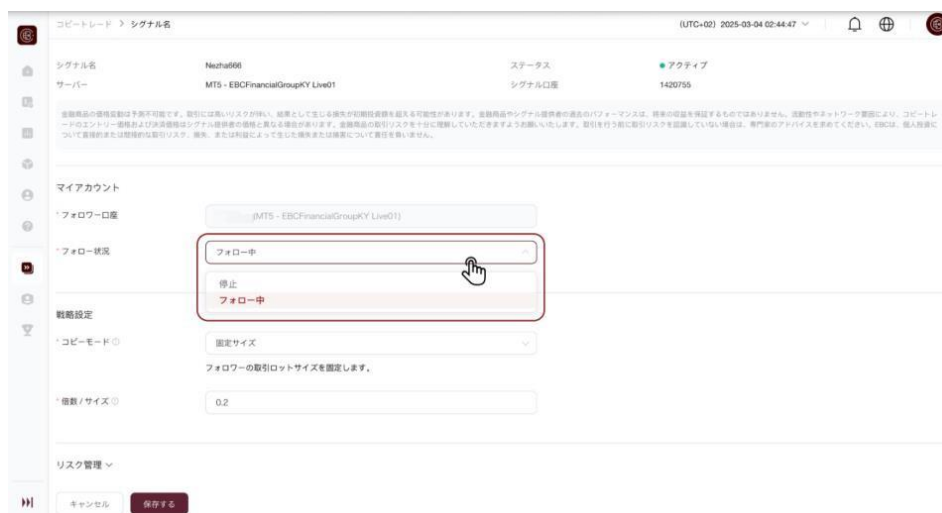

After completing all settings, click the Save button.

After setup, the signal will appear in the My Follow tab, where you can confirm it is being followed.

Unfollow/Change Signals

1. In the My Follow tab, click the Settings (●●●) button of the signal you want to unfollow.
2. Select Stop Following from the follow status menu.
3. If there are open positions, choose either Keep Positions or Close All, then click confirm.

Risk Disclaimer

Past performance of signals does not guarantee future profits.

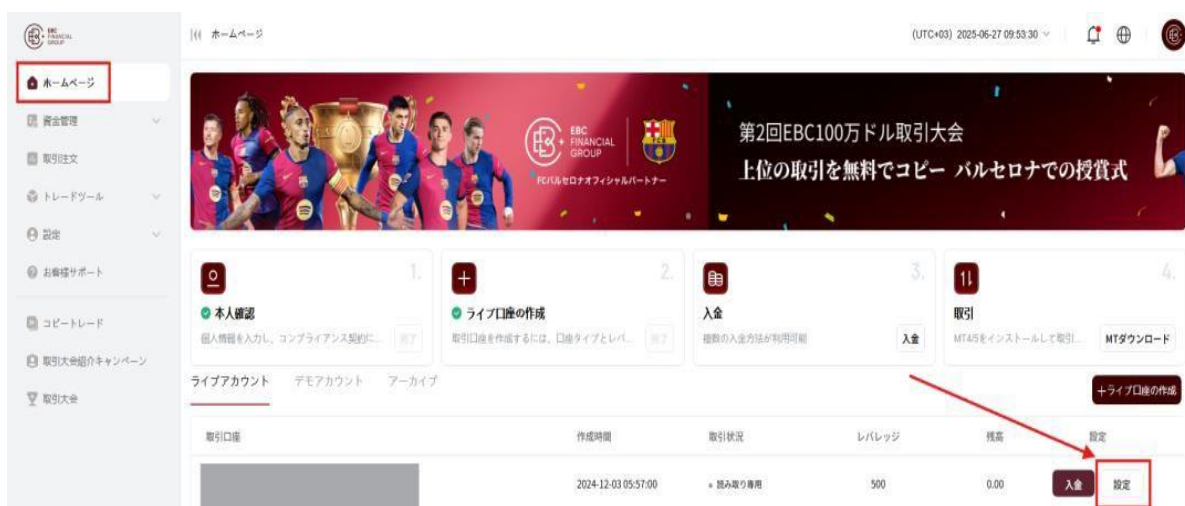

Always check risks and copy mode before following, and use within your affordable risk range.

Reset MT4/MT5 Password (PC)

The master password for your EBC trading account is highly confidential and cannot be retrieved by us; please keep it noted down yourself.

If you have forgotten or wish to change your password, log in to My Page and reset it by following the steps below.

1. On the homepage of EBC My Page, click Settings on the right side of the corresponding trading account row.

2. Select either phone verification or email verification. Click Send Verification Code, receive the 6-digit code via your registered phone number or email, then click Next.

4. Once the reset is completed, a confirmation notification will be sent to your registered email address.

Reset MT4/MT5 Password (Mobile)

When opening EBC My Page on mobile, the Settings button may not appear initially due to screen width limits. Please follow the steps below:

1. After logging in, scroll down the homepage to display the Live Account list. Swipe the table to the right to show the Settings button.
2. The right side of the table is hidden on mobile; swipe right to reveal the button. Alternatively, rotate your phone to landscape mode for easier viewing.

3. Go to Settings → Change Master Password
Tap the Settings button, then select Change Master Password from the menu.

4. Enter and save your new password

Input your new password, then tap Save or Change to complete the process.

CFDs are complex financial instruments and carry a high risk of rapid capital loss due to leverage.

Margin trading involves substantial risks and may not be suitable for all investors.

Before trading, carefully consider your investment objectives, experience level and risk tolerance.

You may lose part or all of your invested capital.

Seek professional advice for risk management and fully understand the associated risks.

Please read the risk disclosure statement carefully before you start trading.
